Product Description

America's hardest working tractor! This 46 in. Craftsman CTX9000 series tractor isn't your ordinary tractor. This is truly a premium product, with a 10 gauge steel frame and full steel hood. Powered by a Briggs & Stratton 22 gross HP V-Twin engine with electronic fuel management that delivers consistent automotive-style starting. The 12 gauge steel deck is easy to adjust with an electronic deck lift allowing you to have an infinite height of cut positions with the push of a button. An 18 in. turning radius is ideal for cutting around flower beds and obstacles. Deck removal is also made easy with the quick-release deck removal system. This tractor features low effort steering and a 13 in. soft-grip steering wheel for comfort. The large 22 in. x 10 in. tires with Super Turf treads provide great traction. The electronics package includes the initial oil change and maintenance intervals, hour meter, DC outlet, and service reminder.

- Briggs & Stratton 22 gross HP Twin Professional Series with electronic fuel management engine
