Description Item # 07120370000P Model # 13A277XS099

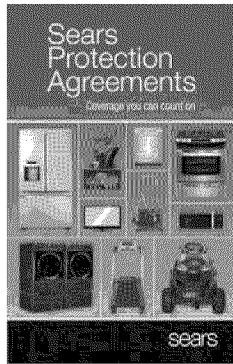

Make A Statement With Your Lawn Using the Craftsman Gray Riding Lawn Mower
 Ensure your lawn is always looking its best using the **Craftsman 42" step through lawn tractor** for all the cutting duties. Twin steel blades in the 42 inch wide cutting deck make quick work of tall grass while the deck adjusts to five separate cutting positions from 1.5 inches to 4 inches max height. The single cylinder 420cc Craftsman engine helps get the cutting done quicker, propelling this riding mower to a top forward speed of 5.5 mph. The shift-on-the-go 7-speed transmission lets you pick the perfect gear the instant you need it without stopping or pressing the clutch for a smooth ride.

With an 18 inch turning radius, the **Craftsman gray riding lawn mower** can easily maneuver around gardens and other large obstacles along with providing a comfortable, stable turn at the end of each run. The step through frame design makes getting to work easier without having to climb over anything to sit down in the padded, low-back knob-adjustable seat. Put it all together, and this Craftsman riding mower is the perfect tractor to tackle yards big and small with ease.

- The twin 3-in-1 cutting blades on the **Craftsman 42" step through lawn tractor** can cut along with mulch and bag with optional attachments (sold separately)
- The 14 gauge fully welded steel step through frame is incredibly durable along with easy to get on and get to work
- The front axle is solid steel for years of reliable service
- Turf Saver Tires protect your lawn from damage while you're mowing and turning
- Designed for light hauling and all types of terrain including hills, this riding mower will prove its versatility and toughness
- The tractor's speed is controlled from the easy-to-use steering column lever
- Enjoy an overall 2 year warranty on the tractor, a 5 year warranty on the frame and 10 year warranty on the axle
- For sale in 49 states. Not for sale in California
