

Craftsman 140cc Gas Powered Edger

\$299.99

Description Item # 07176266000P Model # 25B-55J1799

Create a Perfect Landscape with the Craftsman 140cc Gas Edger

The CARB-compliant 140cc Gas Powered Lawn Edger is packed with power to handle tough jobs like cutting through thick brush, tall weeds or woody roots. The durable 9 in. steel blade slices through unwanted vegetation like vines and weeds and leaves a clean edge that defines the grassy area of your yard from the gardens, walkways and driveways. Included with your purchase is a trenching kit that allows you to slice through and remove deep roots or weeds.

- Auto-choke provides quick and easy reliable starts
- Six cutting positions give you versatility for cutting on uneven ground
- The 9" steel blade promises years of precision cutting
- A four-wheel suspension system helps you maneuver around plantings and in narrow spaces
- Use the 5", curb-hop wheel for bevel cuts near hard surfaces like sidewalks and driveways
- This product is compliant with California's CARB certification standards
