### Product Description

#### *Power, Adaptation and Ease Of Use In One Weed Wacker*

By the time heavy rains get done in your area, that yard is on its way to becoming a jungle. Weeds and grass shoot-up at an almost perceptible speed, while trees litter your lawn with all sorts of presents, taking the fun out of your weekend. That's why it's important to get yourself the kind of tools that will slice through thick growth, and adapt when you need them, to any other job that might be lurking.

The **Craftsman 25cc\* Curved Shaft WeedWacker™** was designed to tear through that jungle and restore order to your yard in a hurry. Built with the revolutionary new Speed Start™ and Incredi-Pull™ starting systems, it was created to be ready at a moment's notice. With the included **Hassle-Free™ cutting head**, you'll get many times the mileage out of this trimmer without having stop and add more string, while the specially designed string actually reduces both air and cutting resistance resulting in quieter operation and less wear than normal weed eaters.

Don't think for one second that's all this powerful **weed wacker** is capable of. With the smart design and versatility Craftsman fits into all of its products, the **Craftsman 25cc Curved Shaft WeedWacker™** adapts to help you tackle other tough jobs around the yard. Whether you need to clear brush and expand the yard, blow grass clippings or trim your out-of-control hedges, just swap in one of the eight interchangeable heads to get all your jobs done with speed and confidence.

- 25cc\* 2-cycle engine — Durable and lightweight (requires mixing gas and oil 40:1)
- Speed Start™ technology capable — Push-button starting with no pulling required
- Incredi-Pull™ starting system — Recoil design engineered to reduce the starting effort with a slow, smooth pull
- Curve shaft — Easy to handle and well balanced for the average user
- 8-in-1 yard tool attachment system capable (Edger, Cultivator, Blower, Brush-cutter, Hedge Trimmer, Pole Saw, Curve Shaft with Bump Head, Straight Shaft with Hassle Free Head). Adds versatility and saves time
- Hassle Free™ cutting head — Easy to load with XQ shaped .110 in. line (#85908)
- Adjustable handle — Comfortable, ergonomic design
- 2-year full warranty
- 10-year limited shaft warranty
