Product Description

Get Going With Versatile Weed Wacking Power

Year after year our sheds and garages seem to shrink. Things are saved, new tools are needed, broken things are meant to be fixed, it all adds-up to less space and more to do. Maybe it's time to clean house and find the right replacement for many outdated tools. The **Craftsman 25cc Straight Shaft Weedwacker™** was designed to help you update and create room where cluttered tools once stood.

Lightweight and always ready to go with the Incredi-Pull™ and optional Speed Start™ systems, this versatile machine will take down stands of tall grass and weeds, slicing quickly and easily through dense growth. With the included **Hassel Free™ head**, it works silently, reducing both wind and cutting resistance while lasting many times longer than normal string trimmer line. But that's only the start to this multi-talented machine.

With an interchangeable shaft, this **weed whacker** not only services your lawn, helping you to get the neat, tight trim you want, but it adapts with seven separate attachments to help you take care of multiple spring, summer and fall chores. Swap to the pole saw to take care of dead branches, the edger head for neat trimming around sidewalks, the brush cutter to clear land or the cultivator to turn your yard into garden space. With many options to choose from, it's easy to cut down on space wasting separate machines and consolidate your space.

Backed by a 10 year limited shaft and 2 year full warranty, Craftsman built this versatile **weed trimmer** to take care of your yard or small farm for many season to come. Clear out those old machines and get the kind of tool that will not only save you space, but help you get more out of every season.
