Product Description

Get Going With An Easy To Start Weed Wacker

There's no sense spending the warm months messing around with a hard to start weed trimmer, tugging at stuck cords, trying to get things going. The **Craftsman 25cc curved-shaft WeedWacker™**, starts up with ease and gets moving quick, helping you to get all those summer chores done without wasting the season. **Craftsman's Incredi-Pull™ system** was designed to bring you the kind of quick start and fast firing that will keep you moving weekend after weekend. The built-in **bump trimmer head** lets you to meter out fresh line with ease, while the adjustable handle and guard allow you to get the custom fit you'll want for hours of fatigue-free work. When it comes to warm weather, there's no sense spending all day maintaining and adjusting your tools, get the flexible on-the-go design that you need to make short work of the biggest chores.

Lightweight and easy to carry, you'll be able to take down weeds and overgrowth on a variety of terrains with this **weed eater**, while the curved shaft adds balance to the tool that makes it easy maneuver and a pleasure to use. And with dual lines, you'll get more cut with each pass, getting even the biggest lots looking neat in less time.

Built to last with a 10 year shaft and 2 year full warranty, the **Craftsman WeedWacker** brings the reliability and ease of use you can depend on home and get more out your spring, summer and fall.

- 25cc* 2-cycle engine — Durable and lightweight (requires mixing gas and oil 40:1)
