Product Description

Tackle Tough Outdoor Work With The Right Weed Wacker

A well balanced tool brings comfort and ease of use to any job. Built to be ready at a moment's notice, and provide balanced use, the **Craftsman 29cc Curved Shaft WeedWacker™** combines smart design and a durable build to take down a variety of warm weather projects with the speed and ease that will leave other machines eating its dust.

With the option of Speed Start™ push-button starting, or the Incredi-Pull™ system, you won't have to fight to get this powerful yard and garden tool started, and you can forget about mixing gas and oil for fuel too. Built with a high torque 29cc* engine, this **weed trimmer** takes the guesswork out of mixing fuels and eliminates the black, half-burnt exhaust choked-out by its 2-cycle counterparts, allowing you to breathe easier while you work.

There's truly no limit to this Craftsman's use, and there's no need to feel forced into buying tool after tool, or worse, go without when trying to tackle other chores, thanks to an included **interchangeable head**. With this design, when you're done trimming around the yard and are thinking about edging the sidewalk, taking down a few dead branches or even tilling the garden, you can easily swap in the appropriate head and get just about any job done.

Versatile, built to last and designed for easy operation that'll keep you working all day, the **Craftsman 29cc Curved Shaft WeedWacker™** blends power and smart design and makes the perfect addition to your tool collection.

- 29cc* 4-cycle engine — High torque with enhanced performance (no mixing of gas and oil)

- Speed Start™ technology capable — Push-button starting with no pulling required
- Incredi-Pull™ starting system — Recoil design engineered to reduce the starting effort with a slow, smooth pull
- Curve shaft — Easy to handle and well balanced for the average user
- 8-in-1 yard tool attachment system capable (Edger, Cultivator, Blower, Brush-cutter, Hedge Trimmer, Pole Saw, Curve Shaft with Bump Head, Straight Shaft with Hassle Free Head). Adds versatility and saves time
- Hassle Free™ cutting head — More durable, easy to load with XQ shaped .110 in. line (#85908)
- Adjustable contour handle — Ergonomic design allows for more comfort and control
- 2-year full warranty
- 10-year limited shaft warranty
