Product Description

Four Cycle Power In A Versatile Weed Wacker

Make room in your shed this summer for the powerful **Craftsman 4-cycle straight shaft WeedWacker™** that will give you the ability to switch seamlessly from chore to chore and cross items off your to do list faster than ever. Summer was made to be enjoyed, and every year it seems to be shorter and shorter, that's because for half the things we have to do, we lack the right tools. That's not the case anymore. This **Craftsman weed trimmer** puts the power and versatility in your hands to get jobs and chores done.

Built Craftsman-tough, this powerful **weed whacker** combines the low emissions, easy-to-fuel design of a four-cycle engine with the versatility and flexibility of a power-take-off shaft. Not only does it make short work of dense over-growth but it allows you to turn this powerful **weed trimmer** into a pole saw, blower, cultivator, hedge trimmer, brush cutter, edger and even a curved-shaft **weed whacker** for shorter users. All these options make this the perfect addition to small farms, acreages, commercial land and any yard you want to keep looking respectable.

Out of the box with the Hassle Free™ cutting head, this **weed trimmer** spins incredibly quiet and tears through brush and weeds with a specially designed cord that reduces resistance while holding up to more wear. Easy to set-up and start, it's the perfect tool, ready to go the minute you get it, and built with the

Incred-Pull™ starting system, it'll start with more ease than most **weed trimmers** on the market. Make the outdoors great again by quickly getting those pesky trimming chores done.

- 29cc* 4-cycle engine — High torque with enhanced performance (no mixing of gas and oil)
- Speed Start™ technology capable — Push-button starting with no pulling required
- Incred-Pull™ starting system — Recoil design engineered to reduce the starting effort with a slow, smooth pull
- Straight shaft — Extended reach and more comfortable for taller users
- 8-in-1 yard tool attachment system capable (Edger, Cultivator, Blower, Brush-cutter, Hedge Trimmer, Pole Saw, Curve Shaft with Bump Head, Straight Shaft with Hassle Free Head). Adds versatility and saves time
- Aluminum Hassle Free™ cutting head — More durable, easy to load with XQ shaped .110 in. or .130 in. line (#85908/#85909)
- Easy 2-step starting — Just prime and pull
- 360 degree rotating handle — Innovative multi-axis movement for enhanced control and comfort
- Deluxe guard — Advanced debris protection
- 2-year full warranty
- 10-year limited shaft warranty
