Product Description

High Velocity Cutting In A Powerful Weed Wacker

No one wants to spend hours scrubbing grass stains from their legs and pants. That's why Craftsman incorporated a deluxe debris guard in the design for their **powerful 4-cycle weedwacker™**. The wide shield keeps debris like grass, rocks and sticks from slamming into your shins while you slice through overgrown grass and weeds making clean-up and operation much less painful. But that thoughtful touch is just one example of all the clearing thinking and smart design that went into this **versatile weed trimmer**.

To start, Craftsman eliminated the need to mix oil and gas and cancelled clouds of unburned fuel by insisting this **weed whacker** be powered by a four cycle engine. No more fooling around with oil, or trying to remember ratios, just gas this weed eater up with the same fuel you put in your car and get to work. With an option of Speed Start™ push button starting, or Incredi-Pull™ technology, this powerful **gas trimmer** is ready to go at a moment's notice, so there's no more wasting time and you get to work faster.

Not limited to just taking down weeds, this flexible design allows you to direct the high-torque output of the 29cc engine into a variety of tools giving you the options you need to take care of any yard. If you need to clear land or till soil or even take hard-to-reach branches off trees, switch the tool and get the job done with versatility you can depend on.

Protected by a 2-year full warranty and 10-year limited shaft warranty, Craftsman built the **29cc* WeedWacker™** to give you the service you deserve season after season. Make room in your shed or garage for this powerful tool this season and get your warm weather work done right.

- 29cc* 4-cycle engine — High torque with enhanced performance (no mixing of gas and oil)
- Speed Start™ technology capable — Push-button starting with no pulling required
- Incredi-Pull™ starting system — Recoil design engineered to reduce the starting effort with a slow, smooth pull
- Straight shaft — Extended reach and more comfortable for taller users
- 8-in-1 yard tool attachment system capable (Edger, Cultivator, Blower, Brush-cutter, Hedge Trimmer, Pole Saw, Curve Shaft with Bump Head, Straight Shaft with Hassle Free Head). Adds versatility and saves time
- Hassle Free™ cutting head — More durable, easy to load with XQ shaped .110 in. or .130 in. line (#85908/#85909)
- Adjustable contour handle — Ergonomic design allows for more comfort and control
- Deluxe guard — Advanced debris protection
- 2-year full warranty
- 10-year limited shaft warranty
