Product Description

Real Water Power at Your Finger Tips

Stop putting your thumb over the hose to clean those outside surfaces and get a real tool to do the job instead. You need the **Craftsman Honda powered pressure washer** that has the power to blast away those oil stains on your driveway, mold on your garage, and rust from your vehicles and patio furniture. From occasional spring cleaning to frequent cleaning jobs, the Craftsman 2700psi **gas powered pressure washer** is the only way to go.

Craftsman developed this efficient **pressure washer** while providing the versatility to transform and restore your surfaces to almost new conditions in a fraction of the time using much less water than traditional garden hoses. The **Craftsman Honda powered pressure washer** gives you the freedom to clean anything, anywhere with its high performance and flexibility. Fuelled by a powerful Honda GCV 160cc engine, this **power washer** is ideal for handling medium-sized projects including cleaning vehicles, decks, walkways and siding. The maintenance-free axial cam pumps with Easy Start™ technology gives you smoother starts and the power to penetrate deep into dirt and grime and wash it away. And for the more stubborn stains, the right detergent saturation will do the job. Its innovative PerfectMix™ technology automatically mixes the perfect amount of soap concentrate into the water stream so you don't have to, and the 4 quick-connect spray tips offer you a range of predefined spraying patterns for jobs ranging from delicate to soap. And clean farther and higher with the flexibility of the washer's high pressure fixed hose.

Maximize your cleaning performance by getting the most from your **pressure washer's** long-lasting and durable construction. When you're done getting your surfaces spotless and rejuvenated, simply fold down the handles of your **power washer** and pack it away neatly in a corner until the next time you need to use it. Pick up a **Craftsman pressure washer** today and experience how having the right tool for the job makes any task not only quicker, but more fun.
