Description Item # 07120384000P

Take Charge of Your Yard with Craftsman's Hydrostatic Riding Mower

Ensure a beautiful lawn every season without breaking a sweat with the **Craftsman turn tight 46" yard tractor**. With 19 horsepower* from the venerable 540cc Briggs & Stratton® Platinum engine, there's plenty of "go" to get this yard tractor up to a 5.5mph max cutting speed, to take down the unruly grass that much faster. Connected to that horsepower is a hydrostatic automatic transmission that means there's no shifting on hills, while hauling or having to get up to top mowing speed. The infinite gears keep the engine in the power band to keep you going as smooth and strong as possible. Craftsman's Turn Tight™ technology gives this sleek riding mower a unbelievable six inch turning radius, to get you in and out of tight spots on your lawn and effortlessly carve around planters, trees, swing sets and other obstacles.

The **Craftsman hydrostatic riding mower** features an all steel cutting deck that mows down 46 inches of grass in a single pass. Twin cutting blades can mulch or bag with optional attachments, and the deck adjusts from 1 inch minimum cutting height to 4 inches max with spring assisted adjustment. Perfect for big yards and maneuverable enough for smaller ones, this Craftsman yard tractor provides creature comforts like cruise control, a padded adjustable seat and integrated cup holder to help you work longer. There's no need to be intimidated by your yard anymore, grab Craftsman's trustworthy and durable yard tractor,

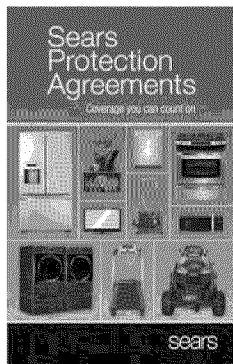

and you are in control.

- The **Craftsman turn tight 46" yard tractor** is perfect for all types of terrain, including hilly, steep yards with obstacles
- Control the tractor's speed with an easy-to-read lever on the fender – there's no pedals to get in the way
- Anti-scalp wheels on the cutting deck help protect your grass when mowing
- This Craftsman riding mower accepts an optional bagger (sold separately) to give you more lawn care options
- The frame is stamped steel and the front axle is cast iron for lasting durability and reliability
- The yard tractor comes with a 2 year overall warranty and a 5 year warranty on the frame and axle

*As rated by the manufacturer
