 Number of Wheels: 0

Motor-Engine:  
 Amps: 24  
 Horsepower: 5  
 Maximum Operating Pressure (psi.): 175  
 Motor Drive: Belt driven  
 Motor Voltage: 230  
 Stages: Two stage

SCFM Delivery:  
 SCFM Delivery At 175 psi: 15.3

Tank:  
 Compressor Tank Capacity (gal.): 80  
 Tank Style: Vertical

Pump:  
 Number of Pumps: 1  
 Pump Life (hrs.): 1500  
 Pump Style: Piston

Dimensions and Weight:  
 Item Weight (lbs.): 467

Hardwired into your shop, this **80 gallon Craftsman 2 stage air compressor** uses a powerful 5.0 horse power 2 stage induction motor to deliver a steady 15.3 SCFM at 175 pounds per square inch of pressure. With a capacity for serious work, this machine has the endurance to keep pneumatic tools big and small running for the entire project. Equipped with rapid cooling cast-iron cylinders, each lubricated by a smooth rolling oil pump, this machine is equipped and ready for any job. Set this powerhouse into your work area, wire it up and get to work.

- The **Craftsman 80 gallon 2 stage air compressor** has the capacity to power a multiple air tools at the same time
- Unique pump design provides a longer running pump for long life
- Deep groove directional cooling fins help keep pump cooler and last longer
- Newly redesigned piston for improved compression efficiency
- Thermal Overload Protection System (TOPS) protects the motor from voltage fluctuations and a magnetic starter is not required
- Powered by a heavy duty 5.0 RHP induction motor to keep this machine lubricated and running smooth for years
- 230 Volt single phase gives the power needed to get the job done
- Includes synthetic oil already at added
- Max PSI Tank Pressure: 175
- Tank pressure gauge and on/off switch gives you more control
- Warranty: 1 year limited
