Description Item # 07120411000P Model # 17AKACS099

Craftsman 42" inch tractor delivers commercial-grade performance.

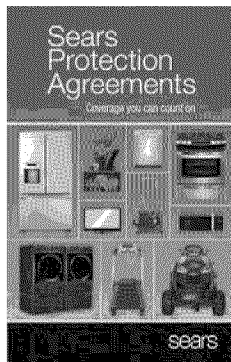

Designed for large lawns with a lot of trees and obstacles, the **Craftsman 42inch 24hp V twin engine riding mower** is constructed with best in class components to easily power through the toughest jobs — whether you're cutting thick grass or navigating tricky terrains. The 22 hp Briggs & Stratton® V-Twin engine has a natural, counter-balance design that gives you more power, less vibration and long-lasting performance. Lever lap bars control the dual hydrostatic transmission. A fully welded steel frame is built to withstand the rigors of landscaping.

This **Craftsman 42 inch tractor** has a deep dome cutting deck for excellent cutting performance. The cutting deck can be raised or lowered for cutting heights between 1.5 to 4 inches. And to keep the tractor looking and operating at its best, a built-in deck washing system helps you quickly clear debris and built-up residue from grass clippings.

- Briggs & Stratton Platinum Series 22 HP* OHV V-Twin natural counter-balance design results in more power, less vibration, quieter operation and less wear and tear. Features Most Reliable Starting (MRS) spark plug that delivers a reliable spark every time; full pressure lubrication and premium spin-on oil filter for longer life
- Infinite-speed dual hydrostatic transmissions with large 1" drive axle provides precise control, and the sealed designed reduces maintenance
- 42" deep domed deck design features dual blades for superior cutting performance
- Electric blade engagement controls blades with the push of a button
- 8 cutting heights from 1.5" to 4" provides flexibility and precision
- 2 gauge wheels minimize scalping for a more beautiful lawn
- 18" Turf Saver Tires in the back prevent skidding and grass damage while making turns
- 11" front caster wheels make turning effortless
- Easy Mounting with unobstructed viewing of the terrain in front
- Brake is integrated into the lapbar for intuitive starting and parking
- 13-gauge welded steel frame and 4" front axle provide rugged durability
- 12 Volt, 230 CCA Battery assures reliable starting in many different weather conditions
- 3 Gallon gas tank with sight gauge allows for more mowing time between fill ups
- 2 year limited warranty
