Product Description

Briggs & Stratton® 190cc* engine (7.25 ft-lbs gross torque) for dependable starting performance and durability.

- Briggs & Stratton® Platinum Engine Series 190cc* engine (7.25 ft-lbs gross torque) for dependable starting performance, durability and long life
- Smooth Start™ Plus engines feature three advanced engine features. The recoil starter allows for lower speed and effort during pulling. Ready Start™ — No prime, no choke, just pull starter rope. Starting your mower has never been easier. Most Reliable Starting (MRS) spark plug — Makes starting easier and lasts longer
- Precision Plus™ cutting system delivers high-performance bagging and mulching with a durable blade, giving your lawn a manicured appearance
- 21 in. 3-in-1 deck — Side discharge or mulch to put nutrients back into the lawn or bag clippings for disposal

- Deck design extends beyond wheels for more precise trimming and edging
- Dual-point deck height adjusters with 6 positions
- Flexible cutting heights ranging from 1.25 to 3.75 in. for any lawn or grass type
- EZ Empty rear bagger with Dust Blocker™ (1.9 Bu) reduces the amount of dust while allowing the bag to completely fill with clippings
- 3-position ergo handle is more ergonomic & adjustable to user for more comfort
- 7 in. front and 11 in. rear wheels offer improved maneuverability and stability over rough and uneven terrain
- Protect the deck and easily make adjustments with the Craftsman® Exclusive front deck handle
- EZ Deck Wash system is equipped to connect to garden hose for easy cleaning, preventing grass buildup for better cutting performance
- Mulch plug built into the deck — Recycle the clippings and encourage a healthier lawn
- Side discharge chute included
- Unit comes fully assembled — No tools required
- 2-year full warranty
- Available in 50 states
