Product Description

Craftsman 208cc* log splitter offers enhanced splitting performance and an extended engine life backed by a 1-year full warranty. Not Available in CA.

- Craftsman 208cc* OHV engine - Enhanced splitting performance and extended engine life
- 27 tons of ram pressure - Powerful performance while saving time and reducing effort
- Advanced beam - Superior splitting capability of up to 25 in. diameter logs
- Hydraulic pump - Two-stage pump system ensures maximum power and saves time
- Automatic cylinder return - Increases productivity and saves time
- Cast-iron wedge - Provides added durability and a smoother performance

- Vertical/Horizontal operation - Allows splitting in two operating positions for convenience in performing any type of job
- Deluxe jack stand - Enhanced durability and universal in size, with a 2 in. locking ball hitch to fit most truck/ towing equipment
- Coiled wrapped hoses and fenders - Enhanced durability and prevents the hose from tangling
- Pre-assembled - Minimal assembly to enhance the experience and performance
- Hydraulic fluid (included) - Added feature to assist in the set-up up process
- 1-year full warranty
