Product Description

This Craftsman gas-powered pressure washer delivers water stream at 2,500 max PSI/2.3 max GPM. Powered by a Briggs & Stratton 675 Series engine that includes the ReadyStart system for easy starting and a Fresh Start fuel cap. The newly designed frame gives this pressure washer more support and protection for the engine. Great for occasional to frequent clean-ups, this model is ideal for any medium-sized project including vehicles, decks, walkways and much more. 50 state compliant.

- 2,500 max PSI/2.3 max GPM
- Briggs & Stratton 675 Series engine, 6.75 ft.-lbs. gross torque per SAE J1940, 190cc
- Ready Start system Just pull for power, no priming required and Fresh Start fuel cap
- 3 quick-connect spray tips (0, 25-degree and Fan Soap)
- Maintenance-free axial cam pump with Easy Start technology
- Cleaning solution injection
- Fixed hose wrap with 25 ft. high-pressure hose

- 10 in. solid wheels

Specifications & Dimensions

Product Overview:

Max. Pressure:	2500
General Warranty:	2 Year
Item Weight (lbs.):	59.2
Individual, Kit or Set:	Individual
Power Option:	Powered

Color:

Overall Color:	Gray
----------------	------

Materials & Finishes:

Gun Material:	Stainless Steel
Piston:	Stainless Steel
Finish:	Powder coated steel frame
Material Type:	Tubular steel

Included with Item:

Hose Adapter:	No
Engine Oil:	Yes
Hose Reel:	Yes
Wheel Kit/Cart:	Yes

Power:

Type:	Gasoline
-------	----------

Controls, Overall:

Primary Type:	Trigger
---------------	---------

Installation Requirements:

Setup Requirements:	Some assembly required
---------------------	------------------------

Intended Use:

Designed For:	Medium duty
Indoor/Outdoor:	Outdoor
Recommended For:	Cold water use only
Wet/Dry:	Wet

Performance:

Gallons Per Minute:	2.3
---------------------	-----

Thermal Relief:	Yes
-----------------	-----

Motor-Engine:

Engine Brand:	Briggs & Stratton(r)
Engine Power:	6.75 ft-lbs gross torque
Engine Series:	675 Series 190cc
Starter Type:	Recoil start
Type:	4-cycle

Wheels & Tires:

Tire Size:	10 in.
Type:	Solid rubber

Styling & Design:

Unit Style:	Traditional vertical
-------------	----------------------

Controls, Safety:

Safety Lock:	Trigger lock
Safety Override:	THERMAL RELIEF VALVE

Convenience:

Quick Start:	Yes
--------------	-----

General Features:

Fuel Tank Capacity:	1 qt.
Garden Hose Connector Material:	Brass
Hose Size:	25 ft. High pressure
Pressure Regular Type:	Fixed
PSI Range:	2500 PSI
Pump Head Construction:	Aluminum
Pump Type:	Axial cam
Starting System:	Recoil start
Wand Or Nozzle:	Pro-Style quick-connect spray tips
Wand Or Nozzle Color:	Multi
Garden Hose Connector Location:	Off pump
Gun Type:	M-22 threaded

Chemicals:

Chemical Container:	Customer provided
