## Description Item # 07120403000P

### The Craftsman 54" Riding Mower is the Ultimate Yard Utility Vehicle

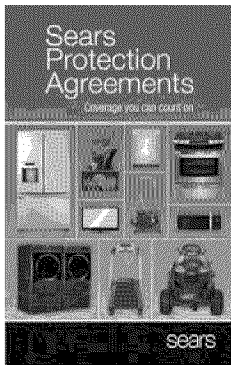

There's no yard too big or too wild for the **Craftsman complete start garden tractor**. With three steel blades working in concert, this riding mower cuts a clean swath 54 inches wide. Air induction mowing technology improves air flow in the heavy-duty steel cutting deck that ensures a clean, consistent cut every time with a minimum cut height of one inch and maximum four inches. It's simple to adjust, too, with the easy-to-reach fender-mounted adjustment handle. You're going to get the lawn trimmed faster, too, thanks to a 724cc two cylinder Briggs & Stratton® engine producing 24 horsepower with a top cutting speed at 7.5 miles per hour. That type of power connected to the super-smooth hydrostatic automatic transmission, and the acreage will be done in no time. Its 48 inch wheel base and Turn Tight feature that gives that provides a six inch turning radius helps keep this tractor nimble and take up less space in the garage.

Even starting the **Craftsman 54" riding mower** is easier with the Craftsman Complete Start™ that eliminates the need for keys so there's no more sitting around wondering where you put the keys last weekend. The Complete Start system also makes leaving your tractor unattended less risky. With all the speed, power and security, there's also operator comfort thanks to cruise control for the long runs, an ergonomic steering wheel, sliding adjustable mid-back seat with padded arm rests and integrated cup holder. Mowing the estate has never been easier or cushier. Just hop on, stomp on the gas and tame the yard that's been taunting you.

- Not only does it mow, the **Craftsman complete start garden tractor** accepts numerous attachments such as a snow plow, snow thrower, tiller, bagger and aerator
- A deck washing system lets you attach a garden hose to the deck and clean away grass clippings to keep your tractor operating and top efficiency while keeping your garage cleaner, too
- The riding mower's speed, power, transmission and comfort makes it perfect for hilly terrain along with mainly flat yards
- The all-steel frame is stamped for rigidity and durability. The front axle is cast iron for superior performance and longevity
- This garden tractor has heavy hauling capabilities with 24 horsepower and infinite gears in forward and reverse on the hydrostatic transmission
- Large front and rear tires help protect your lawn while you're working

## Sears Protection Agreements [select one](#)

Join the millions of happy customers with the Best Coverage in the Industry... guaranteed. Our Blue Service Crew repair technicians have the training and knowledge to get every job done right.

# Specifications

## Cutting Deck & Blade:

Blade Material:  
Steel

Blade Type:  
3 and 1

Blade Width (in.):  
2

Cutting Deck Material:  
Steel

Cutting Deck Nose Roller:  
Yes

Cutting Height Adjustment Type:  
Hand Lever

Cutting Height Maximum (in.):  
4

Cutting Height Minimum (in.):  
1

Cutting Width (In.):  
54

Deckwash System:  
Yes

Number of Cutting Blades:  
3

## Controls and Features:

Blade Engagement Type:  
Electric

Blade Lift:  
Manual

Cruise Control:  
Yes

## Dimensions:

Item Weight (lbs.):  
576

Overall Item Dimensions:  
73.75 x 52.5 x 46

Wheelbase (in.):  
48

## Product Overview:

Commercial/Residential:  
Commercial/Residential

General Warranty:  
2 Year

Terrain Type:  
Flat

Terrain Type:  
Hilly

## Chassis:

Frame Material:  
Steel

Frame Type:  
Stamped steel

Front Axle Material:  
Cast iron

## Drive System:

Maximum Forward Speed (mph):  
7.5

Maximum Reverse Speed (mph):

2.9  
 Mow in Reverse:  
 Yes  
 Number of Forward Speeds:  
 Infinite
