

SERVICE NOTES

REAR SHOE

The Type 2 rear shoe assembly (691913) may be used on Type 1 tools by removing and discarding the screw (Item 108) and rack (Item 118).

TAPE-FORM

This is a piece of precut double-stick adhesive for attaching the wear plate (855423) to the rear shoe. To use:

1. Thoroughly clean both parts. A final wash with a clean paper towel dipped in alcohol is recommended.
2. Peel one piece of protective paper from tape. Carefully align tape to wear plate and smooth down. Caution: This tape can not be repositioned once it touches the part.
3. Peel off the other piece of paper. Hook front of wear plate over front of shoe and smooth down from front to rear.
